

Exchange Notice 04

Power NL

Elbas System Downtime

- **Implicit Cross-Border Capacity Allocation NL-NO2**

APX was informed by NPS that maintenance will occur on:

Tuesday 9th February 09:00 – 10:00 (CET).

During the outage period, the above mentioned market on the Elbas trading platform will be unavailable.

Please be aware that throughout the Elbas outage period the following markets will remain open and available for trading via EuroLight.

- **APX Power NL Intraday Market**
- **Belpex Continuous Intraday Market**
- **Implicit Cross-Border Capacity Allocation NL-BE**

We will inform you via email when the markets will be available again; this should be at approximately 10:00 CET.

The client application needs to be restarted after the service break is over.

Please note, in case you are using the standalone package of Elbas 4 (in other words the native version of Elbas), you should download the latest version via the Elbas login page after the service break.
