APX-ENDEX

EXCHANGE NOTICE 34

Dear member,

Due to the recent change in the PV status for APX-ENDEX (regarding the Power NL market), a change has been implemented in the operational nomination process for the Dutch Intraday Market. This change is a short term solution to reduce the risk related to internal inconsistencies in the E-programs.

The CCP nominations (APXGAS PV; 8712423022126) will be sent out once per hour instead of on a deal-by-deal basis.

**** Each hour, 35 minutes after the whole hour ****

This will result in an increased control on the operational process.

This change does not impact member's nomination processes and deadlines. Members are still recommended to nominate their deals to TenneT as soon as possible.

Please do not hesitate to contact the APX-ENDEX Customer Service Desk if you have any question with the above.
